Solid Ground

01.04.2026 through 02.15.2026

When life's storms hit, what holds you steady?

The world is shifting fast, and many of us feel it. A sense of uncertainty, a building pressure, and a longing for something strong enough to hold our lives together.

Solid Ground is a journey through 1 Peter, a message written to believers who felt scattered, pressured, and pushed to the edges of their culture. We'll explore the hope, identity, and strength God provides for us in every season of life.

Along the way, we'll wrestle with questions like:

- What's shaping your future?
- Where do you turn when life feels unstable?
- What does it mean to choose hope over fear?

We invite you and your family to join us in building our lives on what truly lasts. Discover how to stand strong on the unchanging truth of the Gospel and grow a faith that weathers any storm. One firmly rooted in the solid ground of Jesus Christ.
